

Interested in baby feeding support?

Let's get started with SimpliFed.

Families work with our team of lactation experts to go over all aspects of breastfeeding and baby feeding. **Free with insurance**, all patients meet with SimpliFed **virtually from the comfort of home**. Visits start during pregnancy and continue through every baby feeding milestone.

Breastfeeding positions, latching, and other mechanics

Parent and baby well-being

Ordering a breast pump and/or help with pumping schedules

Working through partner expectations

Baby feeding and sleep

Life transitions such as going back to work
